

HTL Co. India Director, Mr. Sanjay Acharya, speaks to Media during MP Semi Summit 2026

India’s semiconductor ambitions present immense opportunities, but also significant challenges.

Our Director, **Mr. Sanjay Acharya**, shares his perspectives on the gaps in India’s domestic semiconductor equipment manufacturing ecosystem, the importance of developing indigenous core technologies, and the challenges of attracting and retaining skilled talent.

A thought-provoking perspective on what it will take to strengthen India’s semiconductor capabilities and build a self-reliant semiconductor ecosystem.
